PROFILE

Third-year CTIS student at Bilkent University (CGPA 3.93/4.00, full scholarship), currently a QA Engineering Intern at Commencis on a European digital banking project. Built Java-based systems including AROS Loot Shop (OOP, Swing GUI, MVC architecture) and a JDBC-backed CRUD application with a separated DAO layer, alongside full-stack development experience (Node.js/Express, React, Docker). Working toward an SDET (Software Development Engineer in Test) profile, combining hands-on QA and testing exposure with backend development skills.
